

Kenneth Edward Montgomery

Education

Bachelor of Arts, Graphic Design, State University College at Buffalo
2019 - 2021

Experience

2018- Present **McDonald's - Grill cooker | Cashier**

Preparing and receiving customer orders and competing cashier duties.

2018-2019 **Imperial Textile - Graphics Vinyl Print and Cutter | Email Marketing**

Utilized Adobe Illustrator and other programs of Adobe to effectively print and plot designs for production. Setup artwork for spot-color, four-color process, and wide-format printing. Ensured equipment is operating within quality specifications while working with other graphic artists to ensure the work is processed, reworked, and completed in a timely manner. For e-mail Marketing, I planned deadlines to send out emails to our loyalty and prospective customers while keeping consistent layouts.

2017-2018 **All American Signs - Graphic Designer**

Used FlexiSign software to complete complex print projects and vehicle wraps along with using a vinyl cutter to cut materials. Used Mutoh Printers like Mutoh ValueJet 1204PLUS to print larger signs. Used a 52" inches Mutoh ValueCut Vinyl Cutter to cut vinyl. Troubleshot vector artwork from clients and prepared them for FlexiSign. Other tasks completed included weeding the materials, masking the vinyl to transfer paper from 3m materials, and placing the design on vehicles and signs.

2017-2019 **Legacy Studios - Photographer**

Traveled to elementary and high schools in Buffalo, New York, and photographed the students for school yearbooks and IDs.

2013-2013 **The Fashion Firm - Graphic Designer | Internship**

Gather information through E-mail about the client and how they want their custom jacket to look like. Performing different layouts using adobe illustrator and creating a custom color palette to present to the client before production began.
